

# E-Z-GO / Cushman Titan

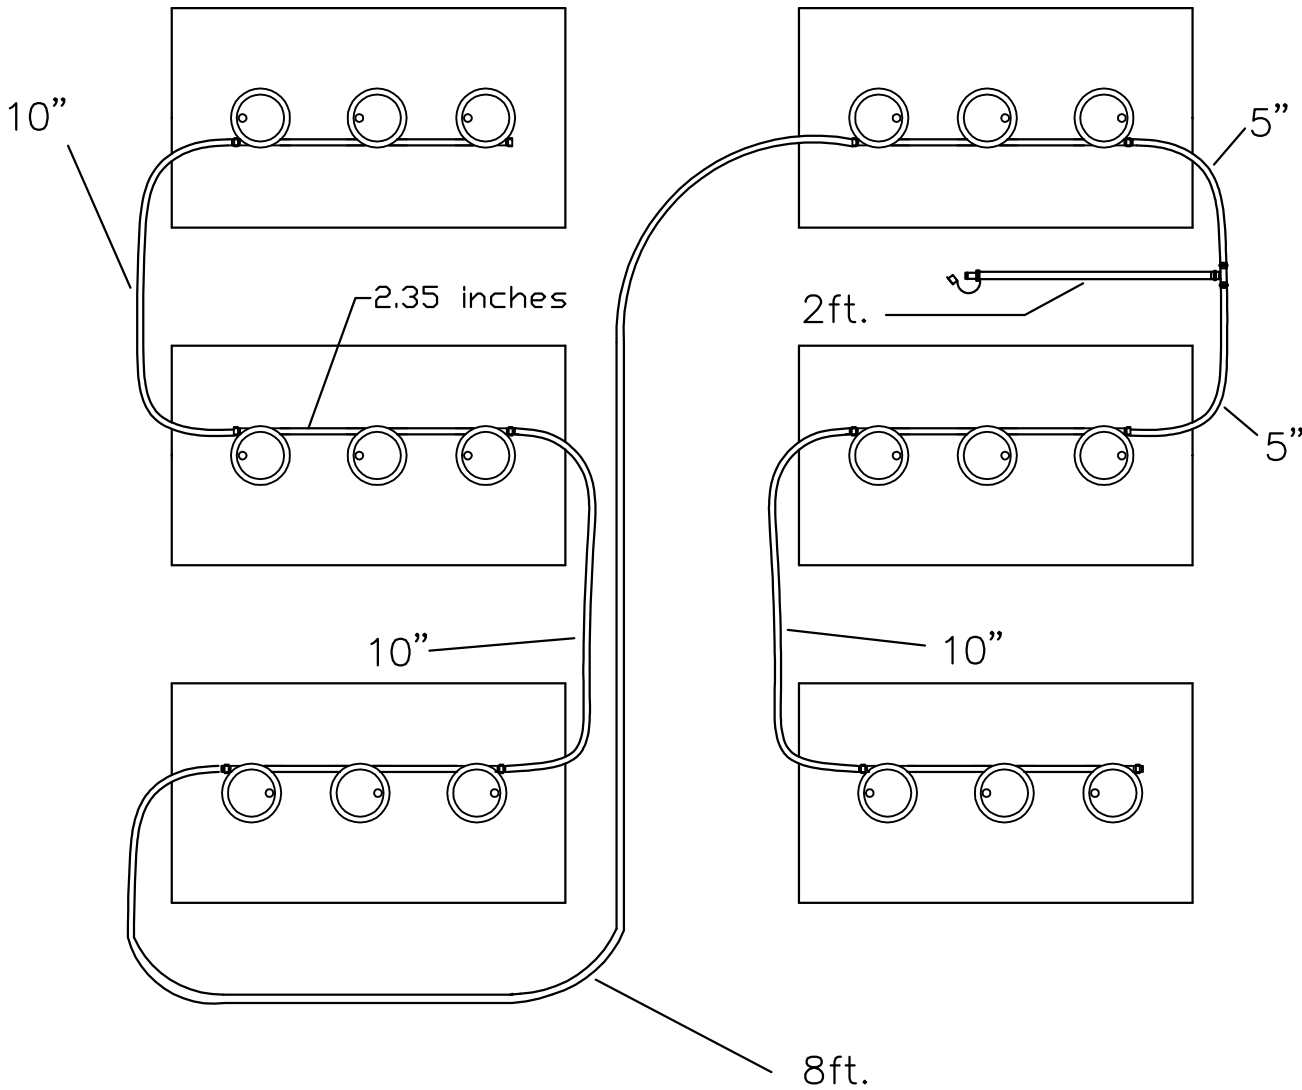

Rev. 3 2-9-15

875 Utility Vehicle 36 volt kit  
with 6 volt batteries - 2.7" cell spacing

GEZ-KITC875-36BCTB

Please follow the sketch precisely as shown.

Installation directions: Layout preassembled kit on top of batteries exactly as shown in sketch. Please push straight down on each plug until it snaps into the cell. If there are any questions concerning installation, please call Battery Watering Technologies at 877-522-5431.

Please water batteries after charge and do not leave unattended

### Operation instructions:

Please water batteries after charge and do not leave unattended

Connect the Delivery system (2 1/2 gallon tank, direct fill link, or direct fill gun) to single point on kit. Simply pull back on female quick connect and insert into male quick connect. When flow indicator stops spinning or all indicator eyes come to top of the plug, disconnect quick connect

Always disconnect from water source after filling
